

INTIMATE PLACES CAMPING

Fact Sheet

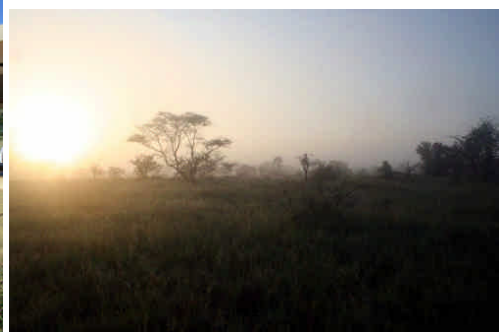

Introduction

Visitors to Tanzania wishing to cohabitate with the extraordinary wildlife, birdlife and nature to be found within its borders in the absolute privacy of their own surroundings need look no further than 'Intimate Places Camping.' With spacious and comfortable accommodation set in special campsites booked exclusively for our guests, we are able to provide the *ultimate* Safari experience. Whether you are a couple looking for a romantic bush experience, a family wishing to share one of life's truly unique experiences together or a group of friends wanting to take time out in your very own special space then we will be pleased to turn your dreams into reality.

Location

Because 'Intimate Places Camping' is a truly tailor made experience, we can set up your private and exclusive camp anywhere you wish. From the more usual special campsites in Tarangire National Park, Manyara National Park, Ngorongoro Conservation Area and Serengeti National Park to more remote areas such as the lakes of Eyasi or Natron, provided that the area you would like to explore can be reached by 4 wheel drive vehicle then we can accommodate you there in the lap of luxury.

Accommodation

Each sleeping tent consists of a bedroom measuring 4 metres (13 feet) by 3 ½ metres (11 ½ feet), a dressing area measuring 4 metres (13 feet) by 1 metre (3 ½ feet) and a separate shower and toilet each measuring 2 metres (6 ½ feet) by 1 metre (3 ½ feet).

The dressing area, shower and toilet are all “open air” so as to heighten the experience of living as one with your surroundings. Despite being able to enjoy some breathtaking views as you prepare yourself for the day ahead, privacy is still assured due to the clever design of our tents. And a cover made from ‘insect proof’ netting ensures that the bathroom and dressing room areas are a sealed unit with your sleeping area so as to keep out unwelcome visitors.

Rest assured that in the unlikely event that it rains during your visit, then the main tent flysheet can easily be extended by our camp crew so as to ensure that all of your tent remains dry at all times.

As an added convenience, each tent is also provided with enough power for lighting as well as for charging mobile telephones, cameras and laptop computers. This power is made available through a clever system of inverters and batteries which are charged by the camp's generator whilst you are out on game drives and excursions.

Facilities

We have a number of different ‘mess’ tents of different dimensions which are used according to the size of family or group to be accommodated. The smallest of these is for 2 persons only whereas the largest will accommodate up to 16 people with ease. Our ‘mess’ tents are designed to provide comfortable dining and recreation for those moments when you are not out and about exploring the area and viewing the wildlife and birdlife.

Evenings can be spent around the all important camp fire exchanging stories about the day's events and making plans for the days ahead.

Each camp has a well stocked bar which serves a selection of spirits, wines, beers and minerals, the cost of which is included in your accommodation rates.

Our friendly camp staff will also be delighted to assist you with your laundry requirements, also without extra charge.

Activities

Intimate Camping is a wholly owned subsidiary of Intimate Places, a Tanzania registered Hotel Company. As such, the services we offer are limited to the provision of accommodation, food, drinks. Your Tour Operator will however be delighted to offer you game drives and other excursions from your camp. Please therefore be sure to discuss the options available to you at the time of making your booking.

A Special Place to Stay

Private, exclusive mobile camping in its purest form is widely recognised as providing the most authentic of safari experiences. Unlike staying in hotels and lodges, it enables you to blend in and become part of the environment you wish to experience. And once you depart there is little, if any evidence of your visit aside from your cherished memories and the pictures which you take away with you to enjoy for many years to come. The management and staff of Intimate Places therefore look forward to welcoming you on a safari of a lifetime.
