December 2008

Dear Guests,

### **Intimate Places Camping**

I am delighted to be able to introduce you to 'Intimate Places Camping,' our exciting new luxury mobile camping division.

As a teenager, the high point of my year was a one week camping holiday to the Masai Mara which we undertook as a family every summer. These were private and exclusive camps of the type operated by 'Intimate Places Camping' and I feel confident that you will understand when I say that they provided me with my very best experiences in the wild.

Despite the passage of years since my teenage years, I look back on those camping holidays with the very fondest of memories and through 'Intimate Places Camping' it is my sincere hope that I will be able to give to you the very same exciting experiences which have been so important to me in my own life.

The design and manufacture of tents have of course improved enormously since those early years and 'Intimate Places Camping's brand new tents incorporate the very latest innovations. I am particularly proud of the 'open air' bathrooms which are very special and which go a long way to add to the feeling of "being one with nature."

The power & lighting which we provide in our tents as well as the lack of complicated zippers to open windows and access the bathroom at night are typical of the care and attention to detail which has gone into making 'Intimate Places Camping' the ultimate Safari experience!

I look forward to welcoming you to one of our luxury mobile camps and feel confident that my staff and I will be able provide you with some truly magical memories.

Yours faithfully,

*Marc Lawson*
