### **Day 5 – Full day of activities in the Buffalo Luxury Camp concession**

After breakfast, you will be briefed on all of the activities which will be available to you during the course of the day. For the morning hours, these include a long list of children's activities for the younger members of the party (please see list of children's activities offered at the camp) and an exciting game walk accompanied by a Maasai warrior for the adults. During this walk you will be taught to track and identify the different species of fauna. You will also spoor track the big five with the help of an armed ranger and are bound to cross paths with some African plains game. Look out for the 200 or so species of birds which also inhabit the area.

In the afternoon you will visit the very authentic Maasai village of Ololosokwan which is the Maasai name for 'buffalo.' The village was formed in 1960 by the Maasai tribesmen and women who were removed from the nearby Serengeti plains at the time of the creation of the Serengeti National Park. Because of the villages remote location, you will be able to enjoy a unique insight into the Maasai way of life and bask in their unique culture.

In the evening you will enjoy sundowner cocktails perched on a hilltop overlooking the Serengeti National Park with a magnificent African sunset before you followed by a Boma dinner where traditional Swahili food will be cooked for you on an open fire. After dinner, enjoy a night game drive in the camps open game viewing vehicle during which you will also be able to spot the nocturnal animals which inhabit the area surrounding the camp.

**Overnight at Buffalo Luxury Camp on an all-inclusive basis.  
(Dinner, Breakfast, Lunch, Beverages, Laundry, Wi-Fi).**

### **Day 6 - Explore the Serengeti National Park.**

After breakfast, you will drive into the Serengeti National Park for a full day's game drive. During the months of April and May each year, this will include a drive to the Western part of the park in order to view the wildebeest migration. During the months of June till October each year, this will include a drive up to the Mara River where you should catch one or more spectacular river crossings. In November, the wildebeest migration is normally to be found on the plains in front of the camp

including in the concession area all around the camp. On your drive through the Serengeti, look out for elephant, lion, leopard, cheetah, wildebeest, zebra, buffalo, giraffe, gazelles, antelopes and the many other animals found on the vast open plains and acacia woodland.

After dinner, you will again be given an opportunity to participate in another exhilarating night game drive *(subject to an additional charge)*.
